

## Provision

Hawthorn follows the graduated approach of assess, plan, do and review which is embedded in whole-school practice for all pupils and every teacher is responsible for 'adapting teaching to respond to the strengths and needs of all pupils and provide Quality First Teaching. We have a clear approach for identifying and responding to SEND, and recognises that early identification and effective provision improves long-term outcomes for the pupils. With the support of the Senior Leadership Team, classroom teachers will conduct regular progress assessments for all pupils, with the aim of identifying pupils who are making less than expected progress.
