Poetry

Writing posters about life on Earth

Postcards to friends we have missed

Drama: Children to imagine they are talking to someone from another planet. Can they explain in their own words what life is like on planet earth?

Art and Design Technology

To create globes in the style of the illustrations from the class text– Here we are.

Humanities

(Geography, History, Global Learning)

Learning about our planet, its environment and wildlife

Year 2

Weeks 1-4

Key dates for your diary

Arts week –28th September

PE

Team building games.

PSHE & Wellbeing

Learning how to care for ourselves and for others: Informational Writing

Following self-care routines and considering the needs and welfare of others is an important part of settling into school life. Now, more than ever, it is important that we learn to look after ourselves, keep ourselves safe and healthy and to use what we know to care for the needs of others around us.

PSHE & Wellbeing

Coming together as a class community – A focus on personal narratives

For this school year, where many children may have had a long period of time away from their usual daily routine and who have had interrupted experiences of Year 1, it is important that the transition back to school enables them to talk and write about their time away from school.

WE will be coming together as a class in a new environment and we will work together on expressing their thoughts and feelings about being back at school together and what our goals and a year 2 class will be.

PSHE & Wellbeing

WE will be learning about groups and communities that the children belong to. Children will explain their own and others roles within the groups they belong to as well as learn how to describe how it feels to be a member of a community or a group.

PSHE & Wellbeing

WE will be exploring the idea that everybody is unique! We will be describing what being unique means. How everyone is unique in their own way and what makes us all special
