

Science

Children will study light and how it travels. They will explore how to change the path of a beam of light, properties and materials linked to light and how shadows can be changed.

Year Group: 6

Term: Autumn 2
Topic: WW2

Humanities

We will study WW2 and its effect on our locality. We will look at key events, such as the announcement of war, the Battle of Britain and the Blitz. We will think about how people in Newcastle responded to the war and how the war changed the role of women. .

English

We will look at war poetry, linking this to Remembrance Day. We will also study narrative, using 'Our Castle by the Sea' by Lucy Strange. We will also look at persuasion using a text about Noor Inayat Khan.

Key dates for your diary

November—Remembrance Day

PE

We will complete lessons around indoor athletics and invasion games.

Computing

In computing, we will study how the internet works, focussing on search engines. We will move on to looking at how we can fix problems in algorithms using Scratch.

Art and Design Technology

Through out work on the Victorians, we will study the work of Thomas Bewick and William Morris. We will look at the natural world using our school grounds, and create digital designs and final prints based on the original works of these artists.

In DT, we will begin to research and design our own moving toys.

Spiritual, Moral, Social and

Cultural (SMSC, RE, PSHE)

In RE, we will look at important teachings in the Islamic and Buddhist religions linked to key ideas of belief. We will study ideas about creation.

Our PSHE will focus on finance and how we can make good money choices.

Maths

We will cover the following units:

- Addition
- Subtraction
- Multiplication
- Division
- Fractions
