Science

Children will study classification and habitats, researching different classification groups and creating their own. We will also investigate microbes and the importance of personal hygiene. We will also look at the life of Carolus Linnaeus.

Year Group: 6

Term: Spring 1

Topic: Natural Resources

Humanities

We will study resources both locally and internationally and how these contribute to our lives.

We will also look at renewable energy in the North-East and begin to look at our mining history.

English

We will look at the structure of a picture book and think about how setting influences story.
We will also study discussion and persuasion, linked to Kielder Dam

Key dates for your diary

W/B 13th February—STEMTastic week

PE

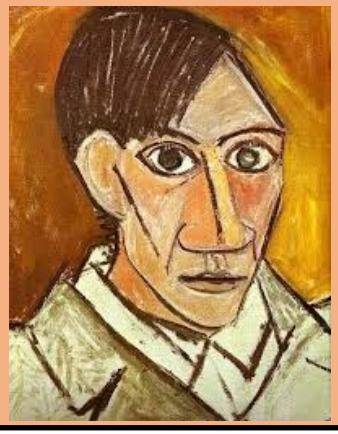

We will complete lessons around gymnastics

Computing

In computing, we will study how to create presentations using images, transitions and audio files. We will use these to present our own ideas in science.

Art and Design Technology

We will study the life and work of Pablo Picasso, creating our own self-portraits and compositions using his style and techniques, including collage.

Spiritual, Moral, Social and Cultural (SMSC, RE, PSHE)

In RE, we will investigate believer's relationship with God .
Our PSHE will focus on healthy relationships and how to manage our own and other people's feelings.

Maths

We will cover the following units:

- Decimals
- Percentages
- Ratio
- Algebra
