

Science

Children will study evolution and inheritance, looking at the works of Charles Darwin. They will investigate inheritance, adaptation and the evolution of different living things.

Year Group: 6

Term: Autumn 1
Topic: Victorians

Humanities

We will study crime and punishment in the Victorian Era. We will investigate life in the workhouse, child labour, crime and punishment, the work of Elizabeth Fry and compare this to the modern era. We will link this the local history to help us understand our own community better.

English

We will look at Information texts and narrative linked to our science topic, thinking about our vocabulary use and understanding of author meaning. We will also discuss the poetry of Kwame Alexander.

Key dates for your diary

24th September—Kwame Alexander trip

PE

We will complete lessons around teamwork and outdoor adventurous activities. We will also develop our gymnastic skills.

Computing

E-safety will be the focus of our lessons this term, and we will ensure that we know how to stay safe online and what to do if we do not feel safe, focussing on searching the internet, security features and evaluating webpages.

Art and Design Technology

Through out work on the Victorians, we will study the work of Thomas Bewick and William Morris. We will look at the natural world using our school grounds, and create digital designs and final prints based on the original works of these artists.

In DT, we will begin to research and design our own moving toys.

Spiritual, Moral, Social and

Cultural (SMSC, RE, PSHE)

In RE, we will look at important teachings and events in the Islamic and Buddhist religions.

Our PSHE will focus on diversity and rule-making, looking at the law and how we can respect these.

Maths

We will cover the following units:

- Place Value
- Addition
- Subtraction
- Multiplication
- Division
