

English

We will focus on aspects of the spelling, grammar and vocabulary curriculum in order to revise and review our learning in other year groups.

We will also look at different texts to help with our reading, including:

- The Deepest Blue
- You Are Awesome
- The Dot

We will also use poetry to help us explore some creative writing, using poems by Joseph Coelho, Joshua Seigal and Michael Rosen to help explore our community and our own thoughts.

Year Group 6

Term Autumn 1 weeks 1-4

Topic: Our community

Key dates for your diary

8th September —return to school

Week beginning 28th September—Art week

Spiritual, Moral, Social and

Cultural (SMSC, RE, PSHE)

Using Windows by Julia Denos and Everybody Counts by Kristin Roskifte, we will explore the people in our communities and how recent events have made us feel about how we belong in our home, school and wider community.

We will discuss how different people in our community may have felt and how we can support them and ourselves.

Art and Design Technology

We will look at the landscape of our community and explore this in our art work using sketch work and photography.

Using our school grounds, we will explore where our school is in our community, and how we can use art to explore how we feel about our own position in our community.

We will use perspective and colour to develop a piece of work that shows our feelings about our own sense of place.

PE

We will use outdoor time to practise our fundamental fitness skills, including balance, coordination and movement.

We will use indoor PE time to look at Yoga to support our movement and give us time to explore how our body can change our mood.

Maths

We will focus on aspects of Y5 Maths curriculum in order to revise and review our previous learning. We will focus on place value and methods of arithmetic and calculation.
