Statement of Intent

At Hawthorn Primary School we value all pupils and celebrate diversity. Staff are committed to developing pupils' strengths, address their needs and make school an enjoyable and happy time. We are committed to providing an education that enables all pupils to be the best version of themselves, by becoming confident individuals living fulfilling lives in a caring and co-operative atmosphere, where each and every one feels respected and valued. We aim to develop pupils' social skills, optimize their emotional wellbeing, link well with parents/carers, nursery and secondary schools to carefully plan transitions, so that they are prepared for the next stage in their education.

SEND Information

This document gives families information about the ways in which we support our pupils with a special educational need or disability (SEND). We provide a full range of educational and pastoral support to all pupils within our school. The strategies, resources and support explained are general; each pupil is an individual and will receive unique provision and resources to suit their specific needs.

Identification and Support

We have a range of ways in which we identify pupils who may need extra help with their learning or who may have additional needs. If you think your child is experiencing difficulties in school, whether this is with their learning or emotional needs, please contact us. We have an open-door policy and know that parental involvement and input is an essential element in a child's education.

When progress has slowed or stopped, we will work together to consider and provide effective support. We use individual provision mapping and resources which aim to support our pupils' development and address any areas of need. All children access quality first teaching. Children who have additional needs may require same-day intervention or small-group provision (on a longer-term basis). Some children may require a highly personalised and individual approach.

We hold three review meetings each term to discuss progress. This is a great way to find out about your child's strengths and needs as well as discussing their targets and next steps.

We seek support and advice from a range of outside agencies to ensure identified pupils are fully supported. School liaises with the following services: Language Enhancement Action Package for Schools (LEAPS), Educational Psychology (EP), Occupational Therapy (OT), SEND Outreach Service (SENDOS), School Health, School Improvement Service (SIS) SEN support, NHS Paediatric Speech and Language and, when appropriate, Social Services and Children in Care Team.

All staff receive ongoing training in relation to meeting the individual needs of children within school.

If you would like further information about what we can offer, then please get in touch.

Here's what some of our families have to say about Hawthorn:

As a family we are overwhelmed with our child's progress in Year 3 and feel that her class teacher has been a fantastic support for our child and the family.

Hawthorn is an exceptional, wonderful school and we are so grateful for all you do.

My child is very confident at school and always excited to attend.

We are extremely happy with everything. Thanks.

Many thanks for the professional and kind approach

Thank you for your efforts with my child.

Thank you for supporting our children. The staff are very friendly.

The Complaints Procedure

Initially an attempt will be made to resolve a complaint about SEND provision at school level, within one week of the complaint having first been made. The procedure is firstly that class teacher attempts to resolve matters, then if required the SENDCo and /or head teacher becomes involved. If the complaint is unresolved, then the person making the complaint is advised of their rights under Section 23 of the Education reform Act to make a complaint. The Governing Body will consider the complaint, after which, if necessary the LA will become involved. School will inform parents/carers of the local authority's commissioned independent disagreement resolution service. Details can also be found in the Local Offer.
